

Akron Zoo Scavenger Hunt

1. Which animal would you expect to like the cold, but actually prefers the warm weather of Peru and Chile?

2. Which animal can only be found on the Galapagos Islands?

3. As cubs, these two were orphaned in the wild but now have a home at the Akron Zoo.

4. How much does a snowy owl weigh?

5. These animals love to play with zoo visitors. Slide through their exhibit!

6. This animal can't roar. It has the softest voice of any of our big cats.

7. Garden eels look like plants swaying in the water when they are doing what?

8. How much do you weigh in Grizzly Bear food?

9.

10. How many Volts can an electric eel release in one burst?

11. This bird is a great sniffer. In fact, it has such large nostrils, you can see right through them!

12. Why does the Green Tree Python have white spots?
