Akron Zoological Park
Job Posting

Maintenance Manager

Are you looking to grow your career as a maintenance professional in a truly unique work environment? The Akron Zoo has an opportunity to utilize your skills to lead the maintenance, repair and growth of our Zoo property. Consider joining our collaborative team as our new Maintenance Manager!

Position Description:
The Maintenance Manager plans and supervises the work of the Maintenance staff including the maintenance of all park grounds, buildings, equipment, and facilities with a special emphasis on HVAC, electrical, mechanical, plumbing, carpentry, water quality and electronics. This position manages the preventive maintenance program on all building equipment, vehicles, rolling stock, paving surfaces, building exteriors and all external zoo owned properties. The Maintenance Manager serves as the liaison to contractors and external vendors that perform work for the zoo.

Essential job functions include the management and oversight of the work order system, preventative and repair maintenance, safety, departmental inventory, leadership, compliance and management of staff.

Qualifications:

Education and Experience:
The ideal candidate will have a high school diploma or GED plus additional education in trade school and/or a supervisory program. We are looking for 8+ years of progressive experience in building/facilities maintenance and repair, a strong mechanical aptitude and working knowledge of electrical and mechanical systems. A minimum of 5 years of supervisory experience in a campus-like facility is required. Additional skills and abilities include

Skills and Abilities:
- Intermediate math skills
- Ability to interpret and utilize information contained in graphs, tables, blueprints, diagrams, flowcharts and follow complex verbal and written instructions
- Ability to accurately use a variety of measuring devices
- Excellent troubleshooting and diagnostic skills required to solve complex problems
- Strong knowledge of local building codes and OSHA regulations
- Excellent managerial skills to effective lead the maintenance team
- Ability to work a flexible schedule including some evenings and weekends and be able to respond to an emergency after hours if necessary

This is a full-time, salaried position with a competitive benefits package and a starting salary commensurate with education and experience. Qualified applicants may submit a cover letter and resume to:
