Shift Brewing - Schnitz Ale Brewery

 **Compostable** tasting cups are available at each brewery station!  
**Restrooms** are located in the Welcome Center, Komodo Kingdom,  
across from Grasslands Café and in Pride of Africa.

## WHERE CAN I GET MORE TO DRINK?

### Snack Shack

There are limited full-sized drink tickets & tasting cards for additional purchase. These are available while supplies last or until 8PM- whichever comes first!

Non-alcoholic drinks are available for purchase until 8:45PM!

## FOOD TRUCKS

**Bytchn Kitchen**  
**Uncle Bacon's BBQ**  
Located in the Carousel Plaza

## SHAMROCK HUNT

Find a hidden shamrock within the zoo before 8pm to qualify for the raffle!

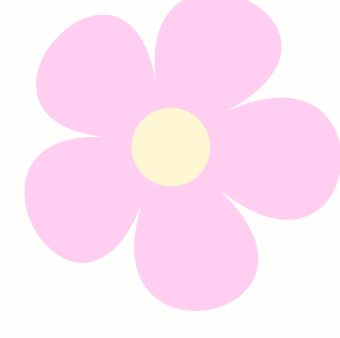

1. Find a shamrock! 
2. Take a selfie with it.
3. Show your selfie to a zoo volunteer in the Komodo Kingdom Cafe at the raffle table.
4. Print your name and phone number on the raffle ticket (clearly)!
5. Raffle winners will be announced at 8pm!

Three lucky winners will win a conservation-inspired prize!

# Go Green

The Akron Zoo has a staff-run Green Team!

The Bio-capital Subcommittee focuses on biodiversity within the park... Horticulture Ethan started amending certain flower beds by using corn meal, biochar, and blood meal!

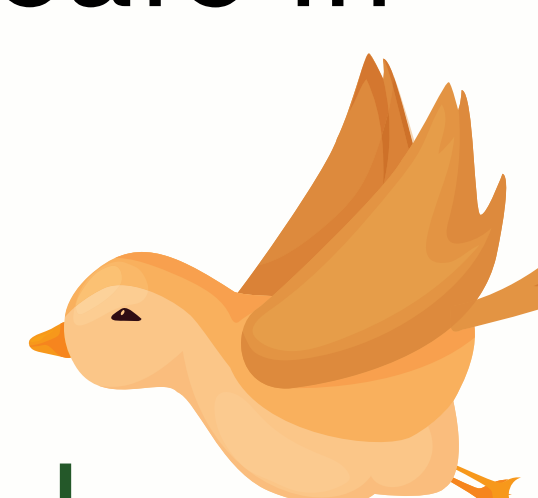

The Zero Waste Subcommittee put their creative minds together and produced a video series called Junk with Jamie!

This series introduces us to "Big Hanna" the zoo composting unit.

Check out some of our episodes near the cafe in Komodo Kingdom! Cool, right!?

Did you know that our very own Komodo Kingdom Café is a 4-star Green Certified Restaurant through the GRA!? They will also be switching to Bird-Friendly Certified Coffee by the cup very soon!

Let's not forget the Akron Zoo Gift Shop! Ninety percent of the products they sell are created from recycled materials! Impressive!

## CANS FOR CORRIDORS

Please bring us your empty aluminum cans! Cans for Corridors is a global effort started by the Durrell Wildlife Conservation Trust in 2002.

Tree corridors are used by many different animals, such as tamarins, jaguars, capybaras, birds and more, to move from area to area. Proceeds from recycling are used to purchase native trees to replant and connect patches of the rainforest in Brazil. One tree only cost 75 cents, which is the equivalent of 45-50 aluminum cans.

Drop off your aluminum cans in the recycling chute in the center of lot C parking anytime throughout the year, and zoo staff will do the rest! With your help, we can help plant trees and ensure the continued survival of several endangered species that call the rainforest home.

Adult evening events are once a month for the rest of this year! Up next...

*Adult Egg Hunt on April 8th.*
